## INSTRUCTIONS FOR SERVICE ACCESS

- The interested party is obliged to identify themselves as a Caser Salud policyholder beforehand by presenting their **health card**, for personal and non-transferable use, and their Spanish ID (D.N.I.) card in order to request any service.
- The Insured person may visit any professional or centre that appears on the medical directory, with **freedom of choice** and subject to the conditions of the health facility.
- All tests and treatments must be prescribed through a prescription slip and by a Caser doctor. Please refer to the list of benefits requiring **prior authorisation**.
- The **home care** by doctor and/or nurse can be requested from 9am to 5pm, and will only be provided if the Insured person's illness prevents them from travelling.
- In case of an **emergency**, you can access the **24-hour medical and emergency advice service** by calling **91 590 96 40**. An operator will ask you for your details so that our medical team can contact you.
- In the event of a paediatric emergency, **the 24-hour medical and paediatric advice service can be accessed** by calling **91 590 96 32**. This service is specifically designed for families with children. A team of doctors will answer all your health questions and, if necessary, guide you to the most appropriate level of care. Before you go to the emergency room with a sick child, call us and we'll help you.
- For **hospital admissions, operations** and some **diagnostic tests or treatments**, prior authorisation will be required. In case of an **emergency**, authorisation will be requested via the indicated telephone numbers.
- The use of an **ambulance** will require a written prescription from a Caser doctor.
- Caser doctors will not be able to prescribe medicines or prescribe tests indicated by **doctors not included in the Caser medical directory**.
- The **second medical opinion** service allows you, in the event of a serious illness as described in the conditions of your contract, to get a second opinion from the best national and international experts. In each case, the most suitable doctors are chosen to carry out the assessment. This service is coordinated by a team of doctors and is carried out remotely, without the need to travel.

## BENEFITS REQUIRING AUTHORISATION

### HOSPITALISATION:

- **Admission:** medical, surgical, psychiatric
- **Outpatient care**
- **Home hospitalisation**
- **Outpatient surgery**
- **Ambulance transfers**

### DIAGNOSTIC TESTS

- **Interventional Radiology**
- **Treatment of pain.**
- **Extracorporeal lithotripsy**
- **Ambulance transfers**
- **Assisted reproduction**
- **Postpartum care**
- **Laser in proctology**

### FIXED INTERNAL PROSTHESES

*This table lists all the benefits that require authorisation, but not all of them are necessarily covered in your health care contract. Consult the General, Special and Particular Conditions of your contract.*

**You can request your authorisations online via the Caser Salud App, in your Client Area, on our website [caser.es](http://caser.es) or by calling 91 055 16 61.**

## EXCEPTIONAL MEDICAL SITUATIONS

In cases of **traffic accident** in which the insured or any relative with rights to medical care through Caser is injured, and provided that no other insurance company related to the vehicles involved has the obligation to cover this medical care or, despite having it, it was not provided, Caser will offer such care provided that it is carried out by a doctor or centre listed in Caser's medical directory and that this situation is immediately communicated, along with other details related to the accident. In addition, a subrogation of rights to Caser must be signed to enable any possible claims for costs from third parties, in the event of this being necessary.
